

## The Quakertown Soccer Club “100 Juggles Club” Certification Form

Being able to juggle a soccer ball in excess of 100 consecutive times is a great achievement for a youth soccer player. It cannot be done without many hours of individual practice and dedication to developing skill. In order to recognize this desire to improve, QSC has developed the 100 Juggles Club.

Before their 18<sup>th</sup> birthday, any QSC player can join the 100 Juggles Club by juggling the ball at least 100 times in succession (without the ball touching the ground) in the presence of an adult who is counting for them and will certify that they have accomplished the feat. The player must touch the ball at least 100 times in a row with any combination of their foot, head, thigh or chest. If the ball touches the ground, the player must begin again at zero. The player may try as many times as they wish.

The certifying adult could be a parent, coach, or other family member, etc. Adults, please be vigilant in your counting! If the player only reaches 98 or 99 touches, and the ball hits the ground, make them start again.

Note: A certifying adult **MUST** personally witness and count for the player (a coach or parent cannot simply sign the form because they think a player has the ability). **Then the certifying adult must sign the form and turn this form in to the player’s coach**, who will acknowledge that the player has, in the past, demonstrated the skill and potential to juggle at least 100 times. **The coach will then turn the signed and completed form in to one of the Quakertown Soccer Club Executive Board members** for recognition of the player by the soccer club.

The player will receive a commemorative “100 Juggles Club” soccer scarf, will have their name posted on the QSC website, and will have their name engraved on a plaque inside the clubhouse with the date they “joined the club”.
